

# Friends of Green Park

Dudley MBC received additional funding from the government last year for parks and open spaces, some of which has been allocated to Green Park. In partnership with Dudley MBC we are keen to enhance the area to encourage a safe and exciting environment for all ages. The Friends Group has been active since 2004 and membership is free to all residents and park users. We very much appreciate your support and would like your help in making the decisions on how to spend the money awarded to us.

## Part A

### 1. The Friends have put forward priorities for the open spaces. In your opinion which do you feel is a low or high priority? (1 = High Priority and 5 = Low Priority)

Please select one of the options below :-

	1	2	3	4	5
Secure Building. Enclose the building with secure fencing.	<input type="checkbox"/>				
High Ball Stop Fencing. Installation of 4m high fencing around the outer edges of the new little league football pitch.	<input type="checkbox"/>				
Lower fencing to surround pitches This will protect football pitches while allowing space for advertising.	<input type="checkbox"/>				
Walking track. This will provide an additional facility in the park. The track can be distance marked to allow users to know how far they have walked/ran.	<input type="checkbox"/>				
Seating around the football pitches. Seats/benches will be vandal proof and placed in a number of locations around the park.	<input type="checkbox"/>				
Litter Bins/Dog Bins. These will be placed in a number of locations around the park to help keep the park clean and free from litter.	<input type="checkbox"/>				
Signage. Signage boards to show directions and contact information, etc.	<input type="checkbox"/>				
Park Keeper. A permanent/temporary caretaker to look after the park.	<input type="checkbox"/>				
Building Improvements Kitchen equipment and alarm.	<input type="checkbox"/>				
Toilet Block Provide separate toilet block on the adjoining land.	<input type="checkbox"/>				
Paving Improvements. To remaining paths leading onto park and reduce vegetation for better visual surveillance.	<input type="checkbox"/>				
Close access track on Green Park Road To better secure/enclose the park	<input type="checkbox"/>				
Improved perimeter fencing. Where fence is missing.	<input type="checkbox"/>				
Planting area. Provide a small area of ornamental planting.	<input type="checkbox"/>
